

SCHOOL TOUR OPTIONS 2014

HIGH SCHOOL

ECOLOGY AND ENVIRONMENTALISM

This program looks at Ecology and Environmentalism through the writings of Aldo Leopold's book *Sand County Almanac* and Rachel Carson's book *Silent Spring*. We will look at quotes from the books and Discuss their relevancy today.

WINGS OVER WETLANDS

In This program we will discuss the amazing variety of birds found on earth. Why are there so many species and why do they migrate from one part of the earth to another each year? Then we will proceed to walk around the ponds, marsh and woodlands to see how each species is suited to its particular habitat.

6TH – 8TH GRADE
